

# BURKES COACHES

Superior Service at an Affordable Price **1300 650 088**

**Driver PPE** All drivers are issued with personal protective equipment including, disposable gloves for manual handling

sanitising and cleaning equipment to clean high touch surfaces inside the coach regularly, as well as a small supply of face masks for use by the driver and by any symptomatic passengers. Hand sanitiser is also available on the coach.

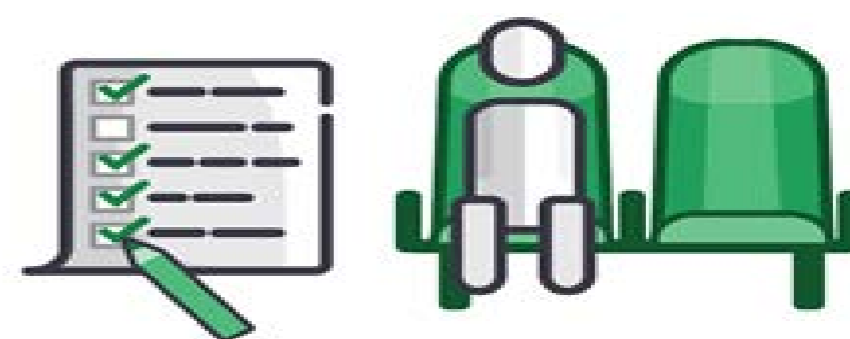

## Hand Sanitiser Onboard

Hand sanitiser is provided onboard the coach for use by passengers

## Manifest and Seating Allocation

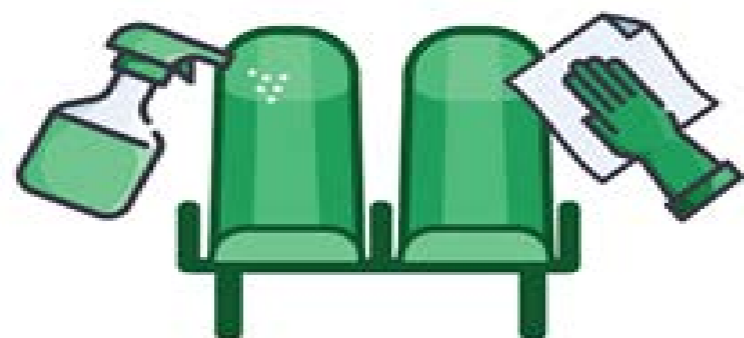

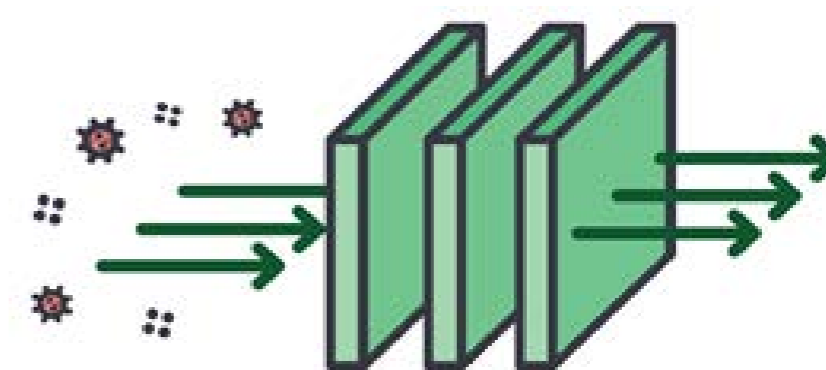

We all understand how important Contact Tracing is to control the spread of COVID- 19. Customers / Students will be required to provide a passenger manifest we will provide a manifest templates

## Onboard Signage

Onboard signage will remind everyone of their responsibility to keep each other safe

**Fresh Air to Circulate through the A/C Filters**  
The Air conditioning in every coach is set to recycle fresh air every few minutes in the coach cabin. Vent are positioned to direct airflow from the ceiling to the floor. It is recommended that frequent "fresh-air breaks also be provided for in the Itinerary.

## Enhanced Cleaning Procedures.

We have increased the frequency of coach cleaning, including between passenger groups each day cleaning requirements include high touch surfaces such as handrails , seat tops, back and pockets.

Modesty panel hand holds, tops of seats, Edge of luggage racks, armrests seatbelts, windowsills and door handles. Burkes Coaches use commercial grade cleaning products. Again we recommend that travel time onboard the coach be limited and fresh-air breaks be provided in your itinerary to allow additional cleaning to occur.
